Numeracy (Combined Calculator and Non-Calculator)

Abbreviated (32 Numeracy questions)

Abbreviated (32 Literacy questions)

Customised Fundamental Skills Testing (Literacy & Numeracy)

#### Writing Task

Over 50 stimulus to choose from or supply your own stimulus. Both Narrative and Persuasive available. Your teachers can mark online, or you can elect Mighty Minds to mark your exams for a fee.

### Your testing package could include:

✔ **Unlimited targeted ACARA code testing**

This empowers teachers and students to focus on particular Literacy and Numeracy skills of their choosing.

✔ **One complimentary narrative or persuasive writing task**

Your choice of writing task (600 words) is marked by our highly experienced markers. Every student receives personalised reporting.

✔ **Access to over 30 000 ACARA aligned Literacy and Numeracy activities**

These activities facilitate self-paced learning. Students can focus on strengthening specific skills at a Year level that suits them (6–9).
