THE ACHIEVE PROGRAM

FOR YEARS 7 TO 9

The program incorporates literacy, numeracy, visual literacy and effective learning which is essential for a student's development. By building a strong foundation of fundamental skills and by providing students with the necessary tools, the program assists students to strengthen and extend their academic achievements.

JUNIOR SECONDARY

YEARS 7 TO 9

The ACHIEVE program supports students in developing their abilities across four key learning areas:

LITERACY
NUMERACY
VISUAL LITERACY
EFFECTIVE LEARNING

The year-long program comprises of 32 lessons, each of which is orientated around a science, history, geography or personal development theme and is specifically designed to align with the Australian Curriculum.

The opportunity to participate in the ACHIEVE program enhances students' creative learning and critical thinking skills, both of which are vital to academic success. The accelerated nature of the program encourages students to extend their capabilities.
