

## Why choose Mighty Minds?

Mighty Minds has a wealth of experience in education, and we work closely with hundreds of schools across Queensland.

- ✓ We are an established education company that has played an active role in teaching and learning in Queensland **since 1985**.
- ✓ We have facilitated **thousands of workshops** targeted at achieving success in the senior years of school.
- ✓ Our facilitators are fully qualified, registered teachers with a **passion for education**.
- ✓ Our content is the first to fully integrate **Cognitive Verbs**, an integral component of the new senior system.
- ✓ We deliver tried and tested problem-solving strategies.
- ✓ Our large bank of resources and activities target the development of fundamental skills.

MIGHTYMINDS

# Head Start courses

FOR YEAR 11 IN 2019

MIGHTY MINDS  
Educational Consultants

## About our courses

Mighty Minds Head Start Courses are designed for students entering Year 11 in 2019. Senior school is demanding and this holiday program is designed to familiarise students with content before the term begins. This will reduce stress throughout the school term, allow students to feel better prepared for assessment, and build their confidence to tackle the challenges of the new external exam system.

## Course offerings

- ✓ General Mathematics
- ✓ Mathematical Methods
- ✓ Specialist Mathematics
- ✓ Chemistry
- ✓ Physics
- ✓ How to Succeed in Senior & Writing Skills

## Locations

- 📍 Brisbane North
- 📍 Brisbane South
- 📍 Cairns
- 📍 Gold Coast
- 📍 Ipswich
- 📍 Rockhampton
- 📍 Sunshine Coast
- 📍 Toowoomba
- 📍 Townsville

## How to Succeed in Senior & Writing Skills

**This course is a must for all Year 11 students.**

- ✓ Two hours will be dedicated to activities and tips targeted at developing study skills, cognitive thinking, staying motivated, self-reflection and general wellbeing.
- ✓ In the remaining four hours, students will be taken through a six-stage writing process. This includes idea generation, paragraph and sentence structure, vocabulary, grammar and punctuation, presentation and proofreading.

Students will be given the opportunity to practise responding to a stimulus, with an exemplar essay (deconstructed to provide a guide as to the standard expected of writing in senior school). This is a comprehensive program with something for everyone.
