MIGHTY MINDS

# MIGHTY MINDS EXTERNAL EXAMS – 2020

A COLLABORATIVE APPROACH

## WHY SHOULD GREAT TEACHERS JOIN OUR TEAM?

Success relies on an effective collaboration between motivated students and passionate teachers. The greatest success comes with teachers that provide their students with the "one percenters"; the tips, activities and guidance that make a student become an excellent one. Mighty Minds is currently forming a team of the "one percenter" teachers. Each of these teachers has a huge impact individually. Just imagine the impact they will have when they work collectively. This is why you should join our collaboration ... And yes we do pay you as well.

Our resources are being constantly developed and improved, and our online portal is forever expanding, with over 12 000 teachers now online. This is a collaboration you don't want to miss out on; work from home at time that suits you, improve your teaching and produce outstanding subject resources for your students while earning a supplementary income. Please email **courses@mightyminds.com.au** if you are interested in joining our team!
