

ONLINE PROGRAMS

Writing Program

The ability to write well is essential. Our writing program was created to be easily integrated into any curriculum program be it in the classroom, homework schedule or as an additional resource to support your students' learning.

INCLUDED FEATURES:

1. Each level – **Foundation, Intermediate** and **Advanced** – has 20 lessons.
2. The program can be presented to the class through our online system.
3. Access to this system can be at school and/or at home.
4. Teachers can decide if students will have access to activity model responses – perfect for guided peer marking. Otherwise, the teacher can mark the activities themselves or as a class.

In addition to our text specific activities & six step writing program we have included topics on the following and more;

- | | |
|---------------------|--|
| 1. Cohesive ties | 5. Grammar, punctuation and spelling |
| 2. Nominalisation | 6. Vocabulary |
| 3. Language devices | 7. Text structure |
| 4. Audience | 8. Editing and proofreading techniques |

Students will have access to **60 topics** overall, each containing:

Theory

Reviews fundamental writing skills and text types, familiarising students with crucial information, skills and rules.

Activities

Engages students through educational and interactive activities.

Checkpoint questions

Tests students understanding of the principles taught via a multiple-choice quiz.

The Writing Program costs \$9.95 plus GST per student.
